### Report on “Softwares in Civil Engineering”

The Department of Civil Engineering had successfully conducted a guest lecture on “softwares in Civil Engineering” on 22/03/2022 Tuesday from 2 pm to 3 pm, Seminar hall E building at G.S Moze College of Engineering, Balewadi. The guest lecture was arranged by Civil Engineering department for TE and BE civil engineering students. The content covered was beneficial for the students by getting the knowledge of different Softwares in Civil Engineering. In welcome speech, Prof. Seema Shiyekar (HOD civil Dept) expressed her word of gratitude to the guest of Mr. Alok Sasane and addressed student regarding the content of the lecture.

Mr. Sasane is a fulltime instructor for General Studies at Cadd center baner for more than five years from now and He is currently working as a team lead.

Overall program of guests lecture went on smoothly and got good responses from students, after the session students were eager to ask for the joining their hands to Mr.Sasane. Some of them had suggested many ideas and those all ideas are openly welcomed and Mr. Sasane invited them for joining the group.

The screenshot shows the ScienceDirect website's 'Physical Sciences and Engineering' section. The page features a navigation menu with categories like Chemical Engineering, Chemistry, and Computer Science. A main heading 'Physical Sciences and Engineering' is followed by a descriptive paragraph. Below this, there are sections for 'Popular Articles' and 'Recent Publications'. The 'Popular Articles' section lists 'Nicotinamide mononucleotide (NMN) as an anti-aging health product - Promises and safety concerns' and 'Nanoparticles: Properties, applications and toxicities'. The 'Recent Publications' section lists 'Theoretical Computer Science Volume 722', 'Mechanism and Machine Theory Volume 173', and 'Journal of Quantitative Spectroscopy and Radiative Transfer volume 285'. A 'FEEDBACK' button is visible at the bottom right. At the bottom of the page, there is a toggle for 'Only play highlights'.

The screenshot shows a transcript chat interface. At the top, there are buttons for 'Audio Transcript' and 'Chat Messages'. Below is a search bar for the transcript. The chat history shows a message from 'Saroha, Vinita (ELS-DEL)' at 00:18: 'ma'am you can start now have already started the recording.' This is followed by a message from 'Unknown Speaker' at 00:21: 'Okay.' Then a message from 'RupaliZope' at 00:24: 'Good afternoon, everyone I hope there are.' Below this is another message: 'Yes, participants are increasingly hoping shortwave will have maximum number of participants so welcome everyone.' At the bottom, there is a blue button labeled 'Resume Transcript Auto-Scroll'.

The screenshot shows the ScienceDirect search results page for the query 'machine Learning'. The page displays '187,951 results' and offers options to 'Download selected articles' and 'Export'. The search results are sorted by 'relevance | date'. The first result is 'Machine learning in subsurface geothermal energy: Two decades in review' from 'Geothermics, 15 March 2022, ...' by Esturu Rita Okoroafor, Connor M. Smith, ... and Mohammad (Jab) Aljurban. The second result is 'Advancement of machine learning in materials science' from 'Materials Today: Proceedings, Available online 23 April 2022, ...' by P. Rajendra, A. Girisha, T. Guravarchana Naidu. The third result is 'Perspective: Predicting and optimizing thermal transport properties with machine learning methods'. The page also includes a 'Refine by' section with filters for 'Years' (2023, 2022, 2021) and 'Article type' (Review articles, Research articles). A 'Feedback' button is located at the bottom right. At the bottom of the page, there is a toggle for 'Only play highlights'.

The screenshot shows a transcript chat interface, identical to the one in the first image. It features a search bar, a chat history with messages from 'Saroha, Vinita (ELS-DEL)', 'Unknown Speaker', and 'RupaliZope', and a blue button at the bottom labeled 'Resume Transcript Auto-Scroll'.
